

## My Learning at Colorado State: Registration Guide

*My Learning, a learning portal powered by the Bridge Learning Management System (LMS) software, is CSU's employee dashboard for registration and tracking of supervisory and professional development training. Register for trainings on My Learning through the [My Learning website](#) or by clicking the black-and-white My Learning icon below.*

### NEW AND NOTEWORTHY IN MY LEARNING: PROGRAMS

We have launched the concept of Programs in the Learning Library with our new *Crucial Conversations – Online Program*. A Program is a combination of “learnables” such as Courses, Live Trainings, and Checkpoints. On the training tiles in the Learning Library, look at the bottom for the word “PROGRAM.” Or, you can click the carat next to “Filter by” and check Program before you search. Enrolling in the Program will automatically enroll you in all the Program pieces. You also must complete the entire Program to get the My Learning completion. Please email [mylearning@colostate.edu](mailto:mylearning@colostate.edu) with any questions.

### HOW TO SET YOUR MY LEARNING VIEWING PREFERENCE: LIST (words) or GRID (visual tiles)

To the left, or at the [My Learning web link](#), click the hyperlinked My Learning button to log in. Your My Learning Dashboard will display. You can now set your dashboard viewing preference.

On the right side, you can click your List View icon to toggle to a grid view instead.

If you scroll all the way down to the bottom of your dashboard, you will see Categories, a relatively new way of organizing trainings. You'll also see some Category headings in your Learning Library, with more to come soon.
